**DETAILED ACTION**

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1, line 5, the recitation "a compound needle arranged on each of the carriages" is confusing since only one a single carriage has been previously set forth in line 4. Also are the compound needles arranged on the carriages or on the needle beds?

Claim 1, line 7, the phrase "and driving for knitting" is confusing as to what is being driven.

Claim 1, page 5, line 8, the phrase "a slider receiving raising cam, with respect to movement of the carriage" is confusing as to the structural relationship of the elements being claimed.

Re claim 2, line 4, the recitation "so as to be sank' is unclear as to the structure being claimed.

***Allowable Subject Matter***

Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Art Unit: 3765

Claims 2-4 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
